

VEE PACKING

Hersh Packing has been supplying solid and split Vee Packing to industry since 1958. We can ship cut sets up to 8 feet in diameter within 24 hours. We stock Vee Packing in various materials with cross section sizes from 1/4" to 1". Other cross section sizes can be special ordered.

We have moved Vee Packing to a building with more inventory and manufacturing capabilities to achieve even better service for the increased sales of packing we have experienced for HPM, Natco and Milacron presses.
